National affiliations which are not part of official names appear in parentheses. U.S. Air Force and Army units are listed under those headings. Navy units are indexed by name, but they will appear under *Naval* or *Navy* if either is part of the name. Scientific studies are indexed by discipline, subject, site, and sponsoring institution. Italicized page numbers indicate pertinent illustrations. Names which appear only in personnel lists or bibliographies are not indexed, nor are the place names cited only in the list of specially protected areas on p. 14 or listed as collection sites on p. 27, 29, 91, or 94-97.
